Dave Schukai Honored in Ingram's 40 Under Forty Class of 2008

We are proud to announce that Dave Schukai, Vice President, has been named one of Ingram's 40 Under Forty Class of 2008. As one of Kansas City's most distinguished recognitions, the honor is given to Kansas City's top proven leaders. They are innovative individuals at the top of their fields. These individuals balance work ethic with family, friends, and the community.

Dave came to work at BRR immediately after graduating from the University of Kansas' School of Architecture. At the time, BRR employed just 6 people. Today, we are a company with over 170 people in five states. Dave has been an integral part of our growth and success. We are proud of his achievements, dedication, and commitment to BRR.

From all of us at BRR, congratulations Dave!
