BRR Takes 1st Place at KCCC Events

BRR has been participating in the Kansas City Corporate Challenge games since 2003 with 2008 marking our sixth year competing. We started off the year with the challenge of defending our championship title. Team BRR stepped up to the plate and could not be deterred from winning the divisional championship again. BRR thrives on strong teamwork, dedication, and commitment to each other and to the games.

The awards banquet for this year's 29th annual Kansas City Corporate Challenge games was held at the Hyatt Regency Crown Center in Kansas City on July 25th. Here BRR proudly accepted the 1st place trophy as Division F Champions. This is the third straight year BRR has won first place in the KCCC games!

The Kansas City Corporate Challenge games continue to be a great opportunity for BRR employees to build long-lasting relationships with each other and other competing companies. Congratulations to all participants, fans, and supporters for all the dedication and enthusiasm you have brought to this year's games!
